

VIKING BOYS

BASKETBALL CAMP

JUNE 14 - 16, 2010

FOR BOYS ENTERING GRADES 4-5 AND 9

PURPOSE

The new format for our Viking Basketball Camps is designed for a more concentrated emphasis on skill development. We take pride in helping young players develop their skills through instruction, drills, and competition each day. The drills used will match the age group and skill level of the players. All boys must bring a desire to improve and a willingness to work hard.

Sessions 1 This camp stresses the basic offensive and defensive skills every player needs to develop. The drills used will match the age group and skill level of the players. All boys will benefit from the instruction and competition these camps provide.

Session 2 This camp is designed for incoming freshmen who would like to play high school basketball. Our coaching staff will help them to improve their individual skills, position skills, and team play. The camp will run like a regular high school practice. They will work with our offense and defense which will help to prepare them for our team. This camp is very important for boys who plan to try out for the high school team. It will help them to see what is required to play at the next level.
